

Tofino

©Tim Harrison and Second Avenue Songs

The wind blows in Tofino
Three thousand miles across the sea
And the breakers talk to me
Of time when we'll be free

And I walk along the shoreline
And see the ocean swell
And the surf has truth to tell
I can hear it knows us well

And it says...windblown hearts must be together
This I know, this I know
And the sea says its forever
This I know, this I know
This I know

Instrumental

Repeat Chorus

The wind blows in Tofino
Three thousand miles across the sea
And breakers talk to me
Of the time that we'll be free
